Intelligence, potentially found in substance, causes activity.

The Bounty of the Earth (plentiful)

It takes that which is abstract – ideas, concepts, and makes them known.

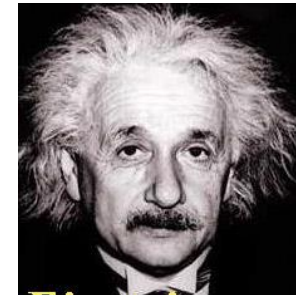

It takes ideas and turns them into projects, inventions, cultures, philosophies, economic systems, and biodiversity.

It is the ray of commerce, enterprise, business and the entrepreneur.

Commerce, business, civilization

The Soul

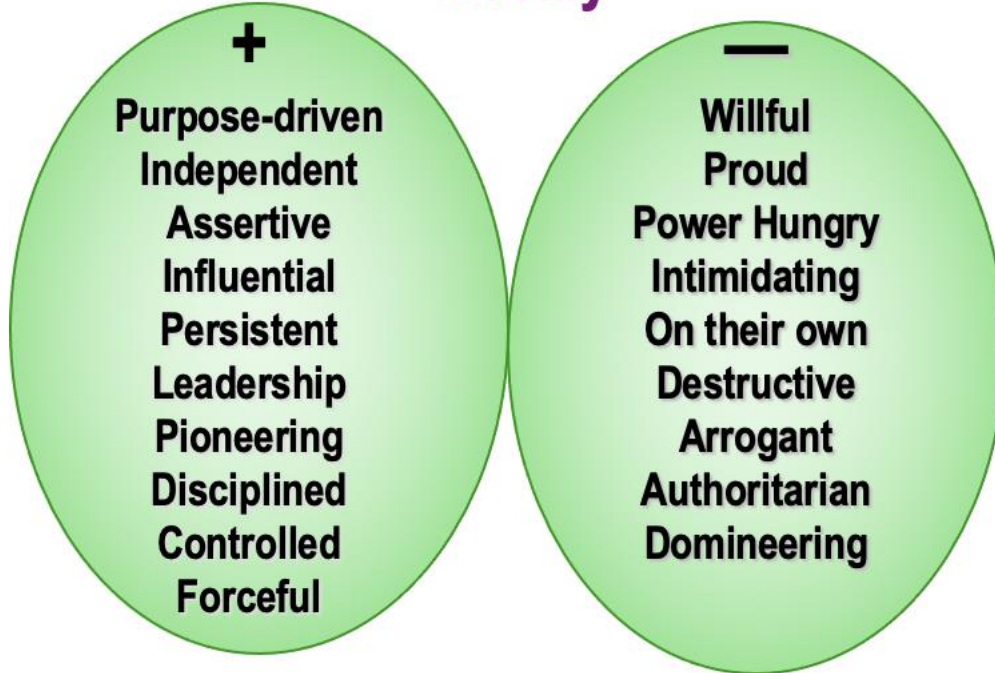

- **The Soul is the core of the human energy system.**
- **Psycho-spiritual growth cannot occur without the Soul -- soul heals, integrates, transforms.**
- **Soul creates the design for our life, and wields the power, love and wisdom to manifest it.**
- **Once we transform our personality to become a fit instrument, Soul utilizes it to accomplish its Purpose.**
- **Accomplishing Soul purpose is truly our heart's desire**
- **Soul-filled living means experiencing abundance, joy, beauty, truth.**
