Destruction of Atlantis
by Nicholas Roerich

When the Hierarchy withdrew behind the separating curtain in Atlantean times, it marked the beginning of an

interlude of darkness, of aridity and a cycle of "blank abstraction," which persisted in its crudest form until

1425 A.D., and since then has sensibly lightened until we reached the year 1925."

The Great Invocation

From the point of Light within the Mind of God
Let light stream forth into the minds of men.
Let Light descend on Earth.

From the point of Love within the Heart of God
Let love stream forth into the hearts of men.
May Christ return to Earth.

From the centre where the Will of God is known
Let purpose guide the little wills of men -
The purpose which the Masters know and serve.

From the centre which we call the race of men
Let the Plan of Love and Light work out
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth.

This is, of course, not apparent to you, on account of your day by day consideration of each other; it is, however, apparent to Those Who view humanity with greater disinterestedness, deeper understanding and over much more extended cycles of time. The result of this more frequent watchfulness on the part of the Hierarchy has been shown in the confidence with which the Masters have undertaken to prepare people for initiation. -DINA2, p. 335-6

Suffice it to say that the sixth ray people are the reactionaries, the conservatives, the diehards and the fanatics, who hold on to all that is of

the past and whose influence is potent to hinder the progress of humanity into the new age. Their name is legion. They provide, however, a

needed balance and are responsible for a steadying process which is much needed in the world at this time.

View of Vienna
1725

"These incoming souls have, through their highly developed understanding and by means of their "self-willed power," frequently wrought havoc in

various directions. However, if we could look on, as can Those on the inner side and if we were in a position to contrast the "light" of humanity as it is

today with what it was two or three hundred years ago, we would recognise that enormous strides had been made."

3. Revelatory, emerging after 1975, to be given on a worldwide scale via the radio.

Above everything else required at this time is a recognition of the world of meaning, a recognition of Those Who implement world affairs and Who engineer those steps which lead mankind onward towards its destined goal, plus a steadily increased recognition of the Plan on the part of the masses. These three recognitions must be evidenced by humanity and affect human thinking and action if the total destruction of mankind is to be averted.

They must form the theme of all the propaganda work to be done during the next few decades—until the year 2025—a brief space of time indeed to produce fundamental changes in human thought, awareness, and direction, but—at the same time—a quite possible achievement, provided the New Group of World Servers and the men and women of goodwill perform a conscientious task. Evil is not yet sealed.

Above everything else required at this time is a recognition of the world of meaning, a recognition of Those Who implement world affairs and Who engineer those steps which lead mankind onward towards its destined goal, plus a steadily increased recognition of the Plan on the part of the masses. These three recognitions must be evidenced by humanity and affect human thinking and action if the total destruction of

mankind is to be averted. They must form the theme of all the propaganda work to be done during the next few decades—until the year 2025—a brief space of time indeed to produce fundamental changes in human thought, awareness, and direction, but—at the same time—a quite possible achievement, provided the New Group of World Servers and the men and women of goodwill perform a conscientious task. Evil is not yet sealed.

Today, human beings as a whole are so loudly invocative that the entire trend of the life of the Hierarchy and Its plans to date have been subjected to change, to postponement as far as certain interior and purely hierarchical determinations are concerned, and to a hastening of certain plans which were slated to take place several centuries later than this but which—owing to the unexpected preparedness of humanity—can take place, not prematurely really, but securely and in the fullness of time...

The Master Jesus will take certain initial steps towards reassuming control of His Church; the Buddha will send two trained disciples to reform Buddhism; other steps will also be taken in this department of religions and of education, over which the Christ rules, and He will move to restore the ancient spiritual landmarks, to eliminate that which is nonessential, and to reorganise the entire religious field—again in preparation for the restoration of the Mysteries, which will unify all faiths.

TRIANGLES

A Planetary Network of Light and Goodwill

SERVICE THROUGH THE POWER OF THOUGHT

Triangles is a service activity, using the power of thought and of prayer to uplift and transform consciousness.

THREE PEOPLE FORM A TRIANGLE

Three people agree to link in thought each day. Using the Great Invocation, a world prayer, they visualize energies of light and goodwill circulating through the three focal points of their triangle, and pouring out through the network of triangles surrounding the planet. Participants imagine the hearts and minds of the human family being irradiated with light and goodwill, strengthening all that is good and true and of beauty in the world.

Central to Twelves group is the year 2025. Steven Chernikoff's 2025 and the World Teacher is explained below and available for download.

Preparing for 2025

This diagram represents the culmination of a long evolutionary journey in which those aspirants and disciples reach into themselves, the world in which they live and their inner perception in a process of re-orientation towards soul consciousness.

When light illuminates the minds of
men and stirs the secret light within all
other forms, then the One in Whom
we live reveals His hidden, secret
lighted Will.

"When the purpose of the Lords of
Karma can find no more to do, and all

the weaving and close-related plans
are all worked out, then the One in
Whom we live can say: 'Well done!
Naught but the beautiful remains.'

"When the lowest of the low, the
densest of the dense, and the highest
of the high have all been lifted

through the little wills of men, then
can the One in Whom we live raise
into radiating light the vivid lighted
ball of Earth, and then another greater
Voice can say to Him: 'Well done!
Move on. Light shines.'
